

Partner with Us to Establish The Gospel Gateway Center in Monrovia

For over six decades, Pillar Missions has been dedicated to advancing Gospel-centered transformation in Liberia through Christ-focused education, church planting, medical care, and humanitarian aid. Our mission is to empower Liberian communities by raising indigenous Ambassadors for Christ who will carry the Gospel across Liberia and into West Africa. [Pillar Missions](#)

We are now embarking on a pivotal project to construct a multipurpose facility called **The Gospel Gateway Center** in Monrovia, designed to serve as a beacon of hope and a launchpad for regional outreach. This facility will encompass:

- **A Church:** A spiritual center for worship, discipleship, and community gatherings.
- **A Training Center:** A conference center for equipping local leaders, educators, and missionaries with the tools to spread the Gospel effectively, also to welcome and support short-term missions teams from U.S. partner entities.
- **A Medical Post:** Providing essential healthcare services to underserved populations, embodying Christ's compassion.

Our vision is to make missional disciples who will reach the rest of Liberia and beyond into West Africa for Christ. This hub will not only address immediate community needs but also serve as a strategic base for expanding our mission's impact throughout the region.

To bring this vision to fruition, we are seeking to raise **\$350,000** for land acquisition and construction costs. We invite you to prayerfully consider partnering with us in this transformative endeavor. Your investment will have a lasting impact, fostering spiritual growth, education, and health in communities that need it most.

Join us in building a legacy of faith and service in Liberia.
